### ڈائریکٹر رپورٹ

محترم شیئر ہولڈرز

اسلام علیکم

کمپنی ڈائریکٹر مسرت کے ساتھ 30 جون 2023 کو اختتام پذیر ہونے والے سال کے لیے سالانہ رپورٹ کے ہمراہ کمپنی کے آڈٹ شدہ مالیاتی گوشوارے پیش کرتے ہیں۔

کمپنی کا مختصر مالیاتی جائزہ ذیل کے مطابق ہے :

| 2021-2022      | 2022-2023    | کاروباری نتائج              |
|----------------|--------------|-----------------------------|
| (رقم روپے میں) |              |                             |
| 10,088,600     | 6,432,126    | آمدنی                       |
| (26,148,121)   | (19,920,435) | دیگر کاروباری اخراجات       |
| (31,385,798)   | (8,201,953)  | دیگر منافع / (نقصان)        |
| (47,445,319)   | (21,690,262) | قبل از ٹیکس منافع / (نقصان) |
| (160,235)      | (97,427)     | ٹیکس                        |
| (47,605,554)   | (21,787,689) | بعد از ٹیکس منافع / (نقصان) |

کمپنی کی آمدنی 10,089 ملین روپے (2021-22) سے کم ہو کر 6,432 ملین روپے (2022-23) ہو گئی ہے۔ مالیاتی اخراجات جو 26.148 ملین روپے (2021-22) سے کم ہو کر 19.920 ملین روپے (2022-23) ہو گئے ہیں۔ اس سال کا دیگر نقصان 8.202 ملین روپے ہے جب کہ پچھلے سال یہ نقصان 31.386 ملین روپے تھا۔ نقصان قبل از ٹیکس میں بھی 25.818 ملین روپے کی کمی ہوئی ہے جو 47.606 ملین روپے (2021-22) نقصان سے گھٹ کر 21.788 ملین روپے (2022-23) نقصان ہو گیا ہے۔

کے ایس ای ہنڈرڈ انڈیکس سال کے آغاز میں 41,541 پوائنٹس سے سال کے اختتام پر 41,543 پوائنٹس پر زیر جائزہ سال کے دوران 2 فیصد بڑھ گیا ہے۔ اسٹاک مارکیٹ میں کم حجم کے ساتھ اوپر اور نیچے کے رجحانات دکھائے گئے جس نے واضح طور پر سال کے دوران سرمایہ کاروں کے اعتماد اور مارکیٹ میں دلچسپی کی کمی کی نشاندہی کی۔

مستقبل کی توقعات:

سال 2023-24 کے لیے کاروباری نقطہ نظر ملک کے لیے اب بھی چیلنجنگ رہے گا۔ ملک کی سیاسی صورتحال اور نگران حکومت کی جانب سے معاشی اصلاحات۔ کلیدی عنصر ہے اور ایکویٹی مارکیٹ پر سرمایہ کار کے اعتماد اور دلچسپی کو بحال کرنے میں مددگار ثابت ہوگا۔

آڈیٹر زکا تقرر:

موجودہ آڈیٹر میسرز یو ایچ ڈائی حسن نعیم اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس ریٹائر ہو گئے ہیں اور اہل ہونے کی بنا پر اپنے دوبارہ تقرر کی پیشکش کی ہے۔

## Director's Report

Dear Shareholders

Assalam-o-Alaikum

The Directors of your Company are pleased to present the Annual Report with the audited financial statements of the Company and Auditor's Report thereon for the year ended June 30, 2023.

### Economic review:

Devaluation of the Pak rupee has played a critical role in the acceleration of prices of fuel and commodities, due to political instability Pakistan economy has pressurized and faced very difficult time during the year.

### Financial Highlights:

A brief financial analysis is presented as under:

| Financial Overview              | 2022-2023        | Re-Stated<br>2021-2022 |
|---------------------------------|------------------|------------------------|
|                                 | Amount in Rupees |                        |
| Revenue                         | 6,432,126        | 10,088,600             |
| Operating & Admin expenses      | (19,920,435)     | (26,148,121)           |
| Other Income / (Loss)           | (8,201,953)      | (31,385,798)           |
| Profit / (Loss) before Taxation | (21,690,262)     | (47,445,319)           |
| Taxation                        | (97,427)         | (160,235)              |
| Profit / (Loss) After Taxation  | (21,787,689)     | (47,605,554)           |

Revenue of the Company decreased by from Rs. 10.089 Million (2021-22) to Rs. 6.432 Million (2022-23). Operating & Admin expenses are decreased by from 26.148 Million (2021-22) to Rs. 19.920 Million (2022-23). Other Income / (Loss) for the year under review is loss of Rs. 8.202 Million as compare to the Loss of Rs. 31.386 Million last year. Profit / (Loss) before taxation are decreased by Rs. 25.818 Million from Loss of Rs. 47.606 Million (2021-22) to the loss of Rs. 21.788 Million (2022-23).

The KSE 100 Index has no significant change during the year under review from 41,540.83 points at the beginning of the year to 41,542.69 points (gain 1.86% points) at the close of the year. Stock Market Shown up and down trends with low volumes which clearly indicated lack of investor confidence and interest in the market during the year.

**Future Outlook:**

The business outlook for CY24 to still remain challenging for the country. The political condition of the country and economic reforms by caretaker Govt. is the key factor and would be helpful to restore the confidence and interest of the investor on equity market.

## INDEPENDENT AUDITOR'S REPORT

To the members of **M.M. SECURITIES (PRIVATE) LIMITED**

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the annexed financial statements of **M.M. SECURITIES (PRIVATE) LIMITED** ("the Company"), which comprise the statement of financial position as at **June 30, 2023** and the statement of profit or loss, the statement of changes in equity, and the statement of cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of changes in equity and statement of cash flow together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2023 and of the loss for the year then ended, the changes in equity and its cash flows for the period then ended.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirement of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operation, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the period were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).
- e) the company was in compliance with the requirement of section 78 of the Securities Act 2015, and the relevant requirements of Securities Brokers (Licensing and Operations) Regulations, 2016 as at the date on which the financial statements were prepared.

The engagement partner on the audit resulting in this independent auditor's report is **Arslan Ahmed**.

Chief Executive

Director

**M.M. SECURITIES (PRIVATE) LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2023**

**1 Legal Status and Nature of Business**

M.M Securities (Private) limited was incorporated under the Companies Ordinance, 1984 on 9 August 2007 as a private Limited company. The Company is a corporate member of Pakistan Stock Exchange Limited. The registered office of the company is located at 2<sup>nd</sup> floor, 9-C, Ittehad Lane No. 12, Phase-II Extension, Defence Housing Authority, Karachi – Pakistan and the company does not have any branch office. The principal activities of the Company are investment and share brokerage.

**2 Basis of Preparation**

**2.1 Statement of Compliance**

These financial statements are prepared in accordance with the provisions of the Companies Act, 2017. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017, provisions of and directives issued under the Companies Act, 2017. In case requirements differ, the provisions or directives of the Companies Act, 2017 shall prevail.

**2.2 Basis of Measurement**

These financial statements have been prepared under the historical cost convention except Investments that are carried at fair value.

**2.3 Functional and Presentation Currency**

These financial statements are presented in Pak Rupees, which is the functional and presentation currency of the Company and have been rounded off to the nearest rupee.

**2.4 Use of Estimates and Judgments**

The preparation of financial statements is in conformity with approved accounting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods in the revision affects both current and future periods.

The estimates and judgments that have a significant effect on the financial statements that are in respect of the following:

- Property and equipment (note 4)
- Taxation (note 19)

**2.5 New Accounting pronouncements**

The following revised standards, amendments and interpretations with respect to approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standards or interpretation:

my

| Description effective for periods |  | Effective for periods beginning on or after |
|-----------------------------------|--|---|
| <b>IAS 1</b>                      | Presentation of Financial Statements (Amendments)                            | January 01, 2023                            |
| <b>IAS 8</b>                      | Accounting policies, changes in accounting estimates and errors (Amendments) | January 01, 2023                            |
| <b>IAS 12</b>                     | Income Taxes (Amendments)  | January 01, 2023                            |
| <b>IAS 7</b>                      | Statement of Cash Flows (Amendments)   | January 01, 2023                            |
| <b>IFRS 4</b>                     | Insurance Contracts (Amendments)   | January 01, 2023                            |
| <b>IFRS 3</b>                     | Financial Instruments: Disclosures   | January 01, 2023                            |
| <b>IFRS 16</b>                    | Leases (Amendments)  | January 01, 2024                            |

The Company expects that the adoption of the above revisions, amendments and interpretations of the standards will not have material effect on the Company's financial statements in the period of initial application.

Other than the aforesaid standards, interpretations and amendments, IASB has also issued the following standards and interpretation, which have not been notified locally or declared exempt by the SECP as at June 30, 2023:

- IFRS 1 (First Time Adoption of International Financial Reporting Standards)
- IFRS 17 (Insurance Contracts)
- IFRIC 12 (Service concession arrangements)

### 3 Summary of Significant Accounting Policies

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

#### 3.1 Taxation

Income tax expense comprises of current, deferred, and prior year tax. Income tax expense is recognized in profit and loss account except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

##### Current

Provision for current tax is based on taxable income at the enacted or substantially enacted rates of taxation after taking in to account available tax credits and rebates, if any. The charge for current tax includes adjustments to charge for prior years which arises from assessments/ developments made during the year, if any.

##### Deferred Tax

Deferred tax is recognized using balance sheet method, in respect of temporary differences between the carrying amounts of asset and liabilities for financial reporting purposes and the amounts used for taxation purpose. The amount of deferred tax provided is based on the expected manner of realization or settlement or the carrying amount of assets and liabilities, using the enacted or substantively enacted rates or taxation.

The company recognizes deferred tax asset to the extent that it is probable that taxable profits for the foreseeable future will be available against which the asset can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

#### 3.2 Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as

appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. Cost incurred to replace a component of an item of property and equipment is capitalized, the asset so replaced is retired from use and its carrying amount is derecognized. Normal repairs and maintenance are charged to the profit and loss account in the period in which they are incurred.

Depreciation on all property and equipment is charged to the profit and loss account using Straight Line method over the asset's useful life at the rates stated Note no. 4. The depreciation on property and equipment is charged full in the month of acquisition and no depreciation is charged in the month of disposal. Gains or losses on disposal of an item of property and equipment are recognized in the profit and loss account. The assets' residual value and useful life are reviewed at each financial year end, and adjusted if appropriate.

### **3.3 Intangible Assets**

An intangible asset is recognized as an asset if it is probable that future economic benefits attributable to the asset will flow to the entity and the cost of such asset can be measured reliably.

#### **Trading Right Entitlement Certificate(TREC)**

This is stated at cost less impairment if any, the carrying amount is reviewed at each balance sheet date to assess whether it is in excess of its recoverable amount, and when the carrying amount exceeds its estimated recoverable amount, is it written down to its estimated recoverable amount.

#### **Software**

Costs directly associated with identifiable software that will have probable economic benefits exceeding costs beyond one year, are recognized as an intangible asset. Direct costs include the purchase costs of software and other directly attributable costs of preparing the software for its intended use.

Computer software is measured initially at cost and subsequently stated at cost less accumulated amortization and accumulated impairment losses, if any.

#### **Amortization**

Intangible assets with indefinite useful lives are not amortized, instead they are systematically tested for impairment at each reporting date. Intangible assets with finite useful lives are amortized at straight line basis over the useful life of the asset (at the rate specified in note 6 to these financial statements).

### **3.4 Trade debts and other receivables**

Trade debts and other receivables are recognized at fair value and subsequently measure at cost less impairment losses, if any. Actual credit loss experience over past years is used to base the calculation of expected credit loss. Trade debts and other receivables considered irrecoverable are written off.

### **3.5 Provisions**

A provision is recognized in the financial statements when the company has a legal or constructive obligation as a result of past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. The amount recognized as a provision reflects the best estimate of the expenditure required to settle the obligation at the end of the reporting period.

### **3.6 Trade and Other Payable**

Trade and other payables are recognized initially at fair value plus directly attributable cost, if any, and subsequently measured at amortized cost.

*why*

### 3.7 Revenue recognition

Brokerage Commission, corporate finance income and other income are recognized as and when services are rendered.

Dividend income is recognized when the right to receive the dividend is established

Income on exposure deposits and bank deposits is recognized on a time proportionate basis that takes in to account the effective yield.

### 3.8 Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand, bank balances and highly liquid short term investments with original maturities of three months or less, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

### 3.9 Contingent Liabilities

A Contingent liability is disclosed when the company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the company; or the company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of obligation cannot be measured with sufficient liability.

### 3.10 Financial Instruments

#### 3.10.1 Initial recognition, classification and measurement

The Company recognizes a financial asset when and only when it becomes a party to the contractual provisions of the instrument evidencing investment. The Company classifies its financial assets into either of following three categories:

- (a) Financial assets measured at amortized cost.
- (b) fair value through other comprehensive income (FVOCI);
- (c) fair value through profit or loss (FVTPL)

#### *(a) Financial assets measured at amortized cost*

A financial asset is measured at amortized cost if it is held within business model whose objective is to hold assets to collect contractual cash flows, and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Such financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue thereof.

#### *(b) Financial assets at FVOCI*

A financial asset is classified as at fair value through other comprehensive income when either:

- (i) It is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount.
- (ii) It is an investment in equity instrument which is designated as at fair value through OCI in accordance with the irrevocable election available to the Company at initial recognition.

Such financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue thereof.

why

*(c) Financial assets at FVTPL*

A debt instrument can be classified as a financial asset at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognizing the gains or losses on them on different bases.

All equity instruments are to be classified as financial assets at fair value through profit or loss, except for those equity instruments for which the Company has elected to present value changes in other comprehensive income.

**Subsequent measurement**

Debt investments at FVOCI

These assets are subsequently measured at fair value. Interest /markup income calculated using effective interest rate method, and impairment are recognized in the statement of profit and loss account. Other net gains and losses are recognized in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit and loss account.

Equity Investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognized as income in statement of profit and loss account unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never classified to the profit and loss account.

Financial asset at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest/markup or dividend income, are recognized in the statement of profit and loss account.

Financial assets measured at amortized cost

These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest/ markup income, and impairment are recognized in the statement of profit and loss account.

**Non Derivative financial assets**

All non-derivative financial assets are initially recognized on trade date i.e. date on which the company becomes party to the respective contractual provisions. Non-derivative financial asset comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets. The company derecognizes the financial asset. When the contractual rights to the cash flows from the asset expires or it transfer the right to receive the contractual cash flow in a transaction in which substantially all risk and rewards of ownership of the financial assets are transferred or it neither transferred nor retain substantially all the of the risk and rewards of ownership and does not retain control over the transferred asset.

**Offsetting of financial assets and financial liabilities**

Financial Assets and financial liabilities are offset and the net amount is reported in the financial statements only when the company has a legally enforceable right to offset and the company intends to either settle on a net basis, or to realize the assets and to settle the liabilities simultaneously. Income and expense items of such assets and liabilities are also offset and the net amount is reported in the financial statement only when permitted by the accounting and reporting standards as applicable in Pakistan.

why

## Financial Liabilities

Financial Liabilities are initially recognized on trade date i.e. the date on which the company becomes party to the respective contractual provisions. Financial Liabilities include markup bearing borrowings and trade and other payables. The company derecognizes the financial liabilities when contractual obligations are discharged, cancelled or expire. Financial liability other than fair value through profit and loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortized cost using effective interest rate method.

## Impairment

### Financial assets

The company recognized loss allowances for Expected Credit Losses (ECLs) in respect of financial asset measured at amortized cost.

The company measures loss allowance at an amount equal to life time ECLs, except for the following, which are measured at 12 month ECLs:

- debt securities that are determined to have low credit risk at reporting date; and
- Other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowance for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of financial asset has increased significantly since initial recognition and when estimating ECLs, the company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based in the company's historical experience and informed credit assessment and including forward- looking information.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of financial asset is written off when the company has no reasonable expectations of recovering of a financial asset in its entirety or a proportion thereof. The company individually makes an assessment with respect to the timing and amount of write-off based on whether there is reasonable expectation of recovery. The company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the company's procedures for the recovery of amounts due.

### Non- financial assets

The carrying amounts of company's non- financial assets are reviewed at each balance sheet date to determine whether there is any indication of impairment, if such indication exists, the asset's recoverable amount, being higher of value in use and fair value less cost to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using pre- tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together in to smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or group of assets. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in the statement of profit or loss.

why

### 3.11 Staff retirement benefits - Defined benefit plan

A defined benefit plan is a post-employment benefit plan under which an entity regularly pays contributions into a separate fund but will continue to have legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. As a consequence, actuarial risk (that benefits will be less than expected) and investment risk (that assets will be insufficient to meet expected benefits) fall, in substance, on the entity.

The Company operates an unfunded gratuity scheme for its employees which is classified as a defined benefit plan.

The Company's obligation in respect of the defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods and discounting that amount. The calculation of defined benefit obligation is performed annually by using the Projected Unit Credit Method.

Remeasurements of the defined benefit liability (i.e. the actuarial gains or losses) are recognised immediately in other comprehensive income. The Company determines the interest expense on the defined benefit liability for the period by applying the discount rate to the defined benefit liability at the beginning of the annual reporting period, taking into account any changes in the defined benefit liability during the period as a result of benefit payments. Interest expense and other expenses related to the defined benefit plan are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

|                                 | <u>16,955,167</u> | <u>17,754,038</u> |

- 11.1 Bank balances include customers' bank balances held in designated current bank accounts amounting to Rs. 15.745 million (2022: 12.954 million).

## 12. SHARE CAPITAL

### 12.1 Authorized share capital

Authorized share capital comprises of 2,000,000 (2022: 2,000,000) Ordinary shares of Rs. 100 each.

uly

## 12.2 Issued, subscribed and paid up capital

Issued, subscribed and paid up capital comprises of:

Ordinary share capital

| 2023<br>(Rupees)   | 2022<br>(Rupees)   |
|--------------------|--------------------|
| 155,000,000        | 155,000,000        |
| <u>155,000,000</u> | <u>155,000,000</u> |

### 12.2.1 The breakup of ordinary and preference share capital is as follows:

| 2023<br>(Numbers) | 2022<br>(Numbers) |  | 2023<br>(Rupees)   | 2022<br>(Rupees)   |
|-------------------|-------------------|--|--------------------|--------------------|
|                   |                   | Ordinary shares                              |                    |                    |
| 1,550,000         | 1,550,000         | Ordinary shares of Rs. 100 each paid in cash | 155,000,000        | 155,000,000        |
|                   |                   |  | <u>155,000,000</u> | <u>155,000,000</u> |

### 12.2.2 Reconciliation of number of shares outstanding

|   | 2023<br>(Numbers) | 2022<br>(Numbers) |
|---|-------------------|-------------------|
| Ordinary shares   |                   |                   |
| Number of shares outstanding at the beginning of the year | 1,550,000         | 1,550,000         |
| Issued for cash   | -                 | -                 |
|   | <u>1,550,000</u>  | <u>1,550,000</u>  |
|   |                   | (Restated)        |
|   | 2023              | 2022              |
|   | (Rupees)          |                   |

## 13. STAFF RETIREMENT BENEFITS - GRATUITY

The Company operates a unfunded gratuity scheme for its employees. The latest actuarial valuation of the plan was carried out as at June 30, 2023 by using the Projected Unit Credit method.

### 13.1 Movement in defined benefit obligation

|  |                  |                  |
|--|------------------|------------------|
| Opening defined benefit obligation     | 2,572,233        | 2,292,417        |
| Current service cost                   | 387,160          | 556,015          |
| Interest on Defined Benefit Obligation | 307,251          | 245,765          |
| Benefits paid                          | (506,708)        | (875,167)        |
| Actuarial (Gains)/Losses               | 10,514           | 353,203          |
| Closing defined benefit obligation     | <u>2,770,450</u> | <u>2,572,233</u> |

### 13.2 Expense recognized in the statement of profit or loss

|   |                |                |
|---|----------------|----------------|
| Current service cost                        | 387,160        | 556,015        |
| Interest cost on defined benefit obligation | 307,251        | 245,765        |
|   | <u>694,411</u> | <u>801,780</u> |

### 13.3 Remeasurement losses / (gain) recognised in other comprehensive income

|   |               |                |
|---|---------------|----------------|
| Actuarial gain/(loss) on defined benefit obligation |               |                |
| - Changes in demographic assumptions                | -             | -              |
| - Changes in financial assumptions                  | -             | -              |
| - Changes in experience assumptions                 | 10,514        | 353,203        |
|   | <u>10,514</u> | <u>353,203</u> |

#### 13.4 Changes in net liability

|  |           |           |
|--|-----------|-----------|
| Opening net liability                                | 2,572,233 | 2,292,417 |
| Expense chargeable to P&L                            | 694,411   | 801,780   |
| Remeasurements charged in other comprehensive income | 10,514    | 353,203   |
| Benefits paid  | (506,708) | (875,167) |
| Closing net liability                                | 2,770,450 | 2,572,233 |
| Benefits payable transferred to short term liability | -         | -         |
| Closing defined benefit obligation                   | 2,770,450 | 2,572,233 |

#### 13.5 Year end sensitivity analysis on defined benefit obligation

|                      |           |           |
|----------------------|-----------|-----------|
| Discount Rate + 1%   | 2,375,385 | 2,558,433 |
| Discount Rate - 1%   | 2,785,326 | 2,999,964 |
| Salary Increase + 1% | 2,785,394 | 3,000,037 |
| Salary Increase - 1% | 2,375,414 | 2,558,464 |

The above sensitivity analyses are based on the changes in assumptions while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of defined benefit obligation to significant assumptions the same method (present value of the defined benefit obligation calculated with the projected credit unit method at the end of the reporting period) has been applied when calculating the liability recognized within the statement of financial position.

13.6 As of the reporting date, the average duration of the defined benefit obligation is 8 year.

#### 13.7 Principal actuarial assumptions used

|   |                |                |
|---|----------------|----------------|
| Discount rate used for interest cost in profit and loss | 16.25%         | 13.25%         |
| Discount rate used for year end obligation              | 16.25%         | 13.25%         |
| Expected rate of increase in salary level (per annum)   | 16.25%         | 13.25%         |
| Mortality rates   | SLIC 2001-2005 | SLIC (2001-05) |

13.8 The defined benefit obligation exposes the Company to the following risks:

##### Final salary risks:

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

##### Mortality risks:

The risk that the actual mortality experience is different. Similar to the withdrawal risk, the effect depends on the beneficiaries' service / age distribution and the benefit.

##### Withdrawal risks:

The risk of higher or lower withdrawal experience than assumed. The final effect could go either way depending on the beneficiaries' service / age distribution and the benefit.

| 16,844,434               | 16,844,434 |
| 2022                     |            |
| Amount                   | Total      |
| Trade and other Payables | 18,112,281 |
| 18,112,281               | 18,112,281 |

#### 20.2. Financial risk management

The company primarily invests in marketable securities and are subject to varying degress of risk.

The Board of Directors of the company has overall responsibility for the establishment and oversight of the company's risk management framework. The company has exposure to the following risks from its use of financial instruments:

Credit risk  
Liquidity risk  
Market risk  
Operational risk

##### 20.2.1 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking in to account the fair value of any collateral. Credit risk arises from the inability of the issuers of the instruments, the relevant financial institutions or counter parties in case of placements or other arrangements to fulfil their obligations.

##### Exposure to Credit risk

Credit risk of the company arises principally from the trade debts, investments, loans and advances, deposits and other receivables. The carrying amount of financial assets represents the maximum credit exposure.

Credit risk is minimised due to the fact that the company invest only in high quality financial assets, all transactions are settled/paid for upon delivery. The company does not expect to incur material credit losses on its financial assets. The maximum exposure to credit risk at the reporting date is as follows:

|   | 2023              | 2022               |
|---|-------------------|--------------------|
|   | (Rupees)          |                    |
| Long term deposits  | 7,400,315         | 7,400,315          |
| Investment at fair value through other comprehensive income | 11,861,852        | 16,398,209         |
| Investment at fair value through Profit and Loss Account    | 15,758,645        | 28,875,024         |
| Advances, deposits, prepayments and other receivable        | 29,319,268        | 38,771,779         |
| Trade debts   | 712,495           | 332,780            |
| Bank Balances   | 16,937,523        | 17,746,783         |

## 20.2.2 Bank Balances

The Analysis below summarizes the credit quality of the company's bank balance:

|     | 2023              | 2022              |
|-----|-------------------|-------------------|
|     | Rupees            |                   |
| AAA | 16,865,397        | 17,686,388        |
| AA+ | 11,811            | 12,545            |
| A+  | 35,004            | 25,004            |
| AA- | 25,312            | 22,846            |
|     | <u>16,937,523</u> | <u>17,746,783</u> |

The long term rating above are taken from SBP website and the rating agencies are PACRA and VIS.

## 20.2.3 Liquidity risk

Liquidity risk is the risk that the company will encounter difficulty in meeting its financial obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding to an adequate amount of committed credit facilities and the ability to close out market positions due to dynamic nature of business.

| 2022            |                        |                |                  |                   |
|-----------------|------------------------|----------------|------------------|-------------------|
| carrying amount | contractual cash flows | up to one year | one to two years | Two to five years |

#### Financial Liabilities

|                          |            |            |            |   |   |
|--------------------------|------------|------------|------------|---|---|
| Trade and other payables | 18,112,281 | 18,112,281 | 18,112,281 | - | - |
|                          | 18,112,281 | 18,112,281 | 18,112,281 |   | - |

On the balance sheet date, the company has cash and bank balances of Rs.16.955 million (2022: 17.754 million) and investments of Rs 27.620 million (2022: 45.273 million) for repayment of liabilities

#### 20.2.4 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to change in credit rating of the issuer or the instrument, management manages market risk by monitoring exposure on marketable securities by following the internal risk management and investment policies and guidelines.

Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

##### Currency risk

Foreign currency risk arises mainly where receivables and payables exist due to transactions in foreign currencies. Currently there is no currency risk as all financial assets and liabilities are in PKR.

##### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market risk. The company is not exposed to interest rate risk as there is no interest based liability or asset.

##### Other price risk

Other price risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices( other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factor affecting all or similar financial instrument traded in the market.

The company's listed securities are susceptible to market price risk arising from uncertainties about the future value of investment securities. The company manages the equity price through diversification and all instruments are made thorough surplus funds.

The company is exposed to other price risk on investment in listed shares. The company manages the risk through portfolio diversification, as per recommendation of Investment committee of the company. The committee regularly monitors the performance of investees and assess the financial performance on on-going basis.

The 10 percent increase/(decrease) in market value of these instruments with all other variables held constant impact on profit and loss account of the company is as follows:

why

|                      | Before Tax       |                    |
|----------------------|------------------|--------------------|
|                      | 10%<br>Increase  | 10%<br>Decrease    |
| as at 30th June 2023 | <u>1,575,865</u> | <u>(1,575,865)</u> |
| as at 30th June 2022 | <u>2,887,502</u> | <u>(2,887,502)</u> |

### 20.3 Fair value of Financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in any orderly transaction between market participants at the measurement date. The management is of the view that the fair values of the financial assets and liabilities are not significantly different from their carrying values in the financial statements.

The company measures fair value using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Following is the fair value hierarchy of assets and liabilities carried at fair value:

|                                 | 2023              |          |          |
|---------------------------------|-------------------|----------|----------|
|                                 | Level 1           | Level 2  | Level 3  |
|                                 | (Rupees)          |          |          |

|                                 | <u>27,620,497</u> | <u>-</u> | <u>-</u> |
|                                 | 2022              |          |          |
|                                 | Level 1           | Level 2  | Level 3  |
|                                 | (Rupees)          |          |          |
| Investment in quoted securities | 27,620,497        | -        | -        |
|                                 | <u>27,620,497</u> | <u>-</u> | <u>-</u> |

### 20.4 Capital risk management

The primary objective of the company's capital risk management is to maintain healthy capital ratios, strong credit rating and optimal capital structure in order to ensure ample availability of finance for its existing operations, for maximizing shareholder's value, for tapping potential investment opportunities and to reduce cost of capital.

The company finances its operations through 100% equity with a view to maintain an appropriate mix between various sources of finance to minimise risk.

my

## 24. CORRECTION OF A PRIOR PERIOD ERROR

### Employee Benefits- IAS 19

As per the International Accounting Standard (IAS) 19 Employee Benefits, an entity operating a defined benefit plan for its employees is required to use the projected unit credit method to measure its defined benefit obligation using an actuarial technique. The method requires the entity to determine how much benefit is attributable to the current and prior periods and to make estimates (actuarial assumptions) about demographic variables (such as employee turnover and mortality) and financial variables (such as future increases in salaries and medical costs) that will affect the cost of the benefit.

However, up to the last year, the Company had been measuring its defined benefit obligation using the projected unit credit method without considering the actuarial assumptions about demographic variables (such as employee turnover and mortality) and financial variables (such as future increases in salaries and medical costs).

During the year, the Company engaged M/s. TRT Associates to carryout the actuarial valuation of its defined benefit gratuity plan as at June 30, 2022 and 2023. In these financial statements, the effects of the said actuarial valuation have been accounted for retrospectively in accordance with the requirements of IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' and the all corresponding figures affected by the errors have been restated.

The retrospective correction of the above error has its effects on the corresponding figures presented in these financial statements as follows:

#### Statement of profit or loss

For the year ended 2022

|                                       | Impact of corrections of errors |                             |                      |
